# Possible Definitions

- ▶ Suicide is the death of an individual, resulting from an act inflicted against himself with the intent to kill himself (Rosenberg et al. 1988).
- ▶ Suicide is defined as a deadly fact of self-directed violence (Oleske 2014).

# Why is difficult ?

- ▶ If the act of suicide is caused by the person himself

ex. The person who comes forward in hostile fire or an act caused by some external factor like weather

- ▶ If the individual has or not the intention to remove his own life.

ex. The person who made a mistake in a pharmaceutical dose or be reckless in some extreme sport.
