

Welcome to Portugal!

from Marie-Antoinette Minis, President of ENOTHE

Valued members and guests of the 24th ENOTHE Annual Meeting 2018, welcome to Escola Superior de Saúde do Alcoitão situated in a most beautiful part of Portugal.

It is a great honour to have been invited to the University and it has been a pleasure to collaborate with Silvia Martins, Nuno Moreira and their team of staff and students in preparing this year's Annual Meeting.

In the spring the office and I visited to meet up with the University teaching team for the first time. Then, came back with the full board before the summer holidays so that we had the opportunity to look at locations for posters, oral presentations, workshops and the main lecture theatre. The board then had accompanied visits to the locations of the welcome drink and social dinner venues. What a delight to find we are so close to the beautiful sea and coast line and in the heart of such a worldwide popular tourist destination.

This year ENOTHE, now an official association, has seen many changes including the move from a University to a virtual office environment which is staffed by self-employed people Mandy Boaz and Marta Figueiredo.

ENOTHE has become more professional in its approach and introduced a new abstract submission system together with a programme and abstract book software package. We have had lots of challenges setting up this system and we are now satisfied with the overall outcome and results and we hope you are too.

I am sure that we all look forward to hearing our carefully selected keynote speakers, participating in a range of interesting workshops, oral presentations and meeting with the presenters of the posters.

Above all we are a network of occupational therapists and we are here to do just that! Enjoy and make the most of day time programme and the social events.

We wish you a tremendous event.

Marie-Antoinette Minis
President ENOTHE

WELCOME TO THE 24th ENOTHE ANNUAL MEETING

from the Host

"I FEEL AN INCREASING NEED TO GO TO CASCAIS"
Love Letter from Fernando Pessoa to Ophélia Queiroz, 1929.

Dear guest speakers and participants of the 24th ENOTHE Annual Meeting 2018,

We, the staff and the students of the Occupational Therapy Department at Escola Superior de Saúde do Alcoitão - ESSA would like to give you a warm welcome to our home! We are excited with the opportunity to share with you the three upcoming days of deep and fruitful discussions around all the changes that are happening in our profession.

The training of Occupational Therapists in Portugal started at our institution in 1957 with the support from academic institutions in the United Kingdom and the United States. So, since the inception of our program, we have strived to develop international collaborations as a means to stimulate and support the growth of our program and, consequently, of our profession. We did experience it hosting the 8th ENOTHE Annual Meeting in 2002 and sixteen years later, we are very pleased and grateful with the opportunity that the ENOTHE Board gave us to host another annual meeting.

We very much value sharing, reflecting and debating with citizens, colleagues and other professionals from different countries, and believe that there is no better opportunity to do it than in a space of openness, acceptance and enthusiasm that has characterized every ENOTHE Annual Meeting over the years.

We believe that these are times for exciting changes to be made in the way we see and practice our profession and this meeting will be a wonderful space for change to move forward. We have a wonderful diverse panel of keynote speakers that will inspire and lead us into deep reflection and action on how occupational therapy can contribute to co-create a new reality where inclusion and flourishing through occupation can be a major trend.

We hope that you are as excited as we are about this meeting and that you feel the same urge to come to Cascais that our great poet Fernando Pessoa did.

Please join us in this exciting journey and feel most welcome to our home!

Staff & Students of Departamento de Terapia Ocupacional
